# Premium finance personal lines

You already trust your Broker to arrange the right insurance to protect some of your most valued possessions. Now we can also offer peace of mind when you come to pay your premiums.

Through our partner brokers, Close Premium Finance offers clients a range of flexible and economic funding plans.

Premium finance is the easy way to settle the cost of your insurance – you can pay via monthly direct debit, normally over 10 months or a shorter period. And you select the day of the month on which Close collects the instalment to suit your cash flow.

Finance

No-one else is Close.

**At highly competitive interest rates, you can fund all of your policies and insurance costs on a single loan, including any mid term changes. Even if you swap insurers at renewal, your credit agreement can continue unchanged with no further forms to complete at renewal time.**

**Who are Close?**

Close Premium Finance is part of the Close Brothers Group, one of the UK's most stable financial institutions. Close introduced premium finance to the UK in 1977 and is market leader in providing easy to use, flexible premium instalment plans.

**Is there much paperwork?**

No. Because your broker can access our service online, paperwork is kept to a minimum.

**How flexible is the facility?**

Very. If you want to change your repayment date or add another policy to your loan with us it can be dealt with easily by your broker, electronically or with one call (e.g. if you want to change your address, or the date on which we take your direct debit). We can also easily alter your payment plan to suit you.

**How do I renew?**

Your broker will invite you to renew your insurances in advance of your renewal date, and this will include automatic renewal of your finance facility. You will not be required to sign any further documentation.

**Am I tied to any insurance company?**

No. Your broker is free to recommend the best policies for you and we will finance them on your facility with us. We simply forward the funds for your premium to your broker who then forwards it to the insurance company you've chosen.

**How do I pay?**

All monthly instalments are paid by direct debit. If a deposit is required, your broker will discuss payment with you.

**If you would like to know more about premium finance please contact your broker who will gladly discuss the product and payment options.**
